**F G7 C7 F**  
I wish I could go back home

**F G7 G+7 C7**  
I wish I could go back home

**F F7**  
Back to my feather bed

**Bbadd9 Db**  
I could rest my aching head

**F D7 G7 C7 F**  
I wish I could go back home

I wish I could ride that train  
I wish I could ride that train  
I'd even stoke the engine  
To get to my journey's ending  
I wish I could ride that train

I wish I could get a ride  
I wish I could get a ride  
That some Ford or Chevrolet  
Would pick me up, not drive away  
I wish I could get a ride

I wish I could leave this town  
I wish I could leave this town  
It's dirty and it's hot  
My little home town, it is not  
I wish I could leave this town
